Phaser® 7760 Colour Laser Printer

High-quality, consistent colour is crucial when you rely on stunning visuals to convey your ideas and concepts. That's why the Xerox Phaser 7760 colour printer is the designer's choice. It offers brilliant colour, high speeds and easy-to-use features that make the most of everything you print.

Quality colour you can count on

The colour you want is the colour you get. This printer features technologies and software that allow you to specify and control the output colour, so the results match your expectations. You get consistent colour accuracy, sharp images, and crisp text, from the first page to the last.

- **Up to 1200 x 1200 dpi resolution.** Means fine line detail and crisp text.

- **600 x 600 x 4 dpi Photo Mode.** Resulting in smooth colour transitions, especially flesh tones.

- **Incredibly consistent output.** Glossy, vivid colours and rich, deep blacks throughout the length of the print run.

- **Black Trapping.** Ensures that black text on coloured backgrounds and coloured text on black backgrounds prints sharp and clear.

- **TekColor correction.** Helps you simulate output colours of your computer screen, printing press or other device. Colour can be managed automatically as well as manually for office graphics, press separations, black and white graphics and spot colours via an industry-leading driver interface.

- **PhaserMatch® 4.0 colour management and calibration software.** Adds another level of colour control and helps maintain colour accuracy.

Unbeatable performance

When it comes to printing important projects on time, you need both quality and speed. The Phaser 7760 printer is designed for high volume printing and offers impressive print speeds, efficient processing and other time saving features. You get the consistent quality you need, when you need it.

- **Impressive print speeds.** Printing speeds up to 35 ppm colour and 45 ppm black and white with first-page-out time as fast as 9 seconds for colour.

- **800 MHz Power PC processor.** Handles complex, graphic-intensive layout files with ease.

- **Up to 1 GB of memory.** Minimises print queues and keeps production moving.

- **Supports wide range of media types.** Includes custom page sizes, booklet and banner printing, and on heavy paper weights for maximum project flexibility.
Set up, manage and print with ease

Your busy office or graphics department needs a reliable printer that's easy to operate, requires minimal maintenance and won't slow you down. Simple setup and easy-to-use features of the Phaser 7760 save valuable time and free you up to focus on your work, not your printer.

- **Fits easily in your office.** It can be fitted as a desktop unit or a floor model with plenty of paper capacity.

- **PrintingScout® alerts and media size sensors.** Offer built-in help to ensure your job is printed right.

- **PhaserSMART® remote diagnostic tool.** Offers solutions and trouble-shooting help if needed, saving you time.

- **CentreWare® Internet Services embedded web server.** Allows you to manage, configure and troubleshoot your printer.

- **Smart Tray feature.** Provides real-time paper tray status at your desktop and automatically selects the correct tray.

- **Smart two-sided printing**. Automatically detects single-page print jobs and bypasses the duplex unit.

Built in colour calibration tools give you the final output you want.

Advanced Colour tools allow you to fine-tune output to your specifications.

1 150-sheet Tray 1 feeds a wide range of custom-size media all the way up to 320 x 1200 mm banner sheets.

2 500-sheet main tray supports custom sizes up to 297 x 432 mm.

3 1,500-sheet Feeder (standard on Phaser 7760GX) includes three universal trays that support paper sizes up to A3 and boosts total paper capacity to 2,150 sheets.

4 2,500-sheet Feeder (standard on Phaser 7760DX) includes one universal tray and two A4-size trays. It boosts total paper capacity to 3,150 sheets.

5 Automatic two-sided printing for convenient, paper saving output.

6 Choose one of two optional finishers and eliminate the effort and expense of manually collating, folding and stapling.

EFI® Colorproof™ XF

The optional EFI Colorproof XF raster image processing (RIP) software includes a wealth of easy-to-use colour matching tools that help graphic arts professionals master any proofing or printing task. When combined with the superior printing performance of the Phaser 7760 colour printer, it's the industry's most cost-effective solution for any business that needs ICC-compliant, Fogra-certified, colour management capabilities.
